U.S. Probation Officer Action:

In February 2022, Mr. Jordan once again relapsed to heroin use. On March 29, 2022, Jordan voluntarily entered detox treatment (Elev8 Addiction Services in Newark) and was successfully discharged on April 4, 2022. Jordan returned to work and resumed outpatient treatment services at Integrity House. However, on April 21, 2022, Jordan submitted another positive urine specimen.

Mr. Jordan has agreed to enter a 28-day short-term residential treatment program at Integrity House in Newark. Jordan's counselor is finalizing matters with Medicaid and expects him to begin treatment by next week. He will continue to be closely monitored. We will keep the Court apprised of any additional instances of noncompliance. Despite the aforementioned, Jordan has maintained gainful employment. No Court action is requested at this time.
